## LEADING THE INDUSTRY

The Home Performance Guild is Oregon's residential efficiency retrofit association. From the halls of Salem to Washington, DC and into your own community, Guild and Efficiency First members are working to grow the home performance industry into an increasingly profitable market segment. We are a values driven organization that seeks to foster open dialogue amongst a diversity of stakeholders in the pursuit of thoughtful, equitable and sustainably minded policy. **Join us today!**

## Benefits of Membership

### Advocacy

- Support our unrelenting group of energy efficiency advocates
- Our Executive Director occupies many positions of influence and esteem: Energy Trust of Oregon Conservation Advisory Council; NW Energy Coalition's Oregon Caucus co-Chair; & Efficiency First Chapter Network Board Liaison.

#### Effecting Change

- We successfully introduced and passed HB2801 to establish state-wide standards for Home Energy Performance Scores

#### Sitting At The Table On Your Behalf

- Our relationships and engagement with programs and regulators have consistently yielded program changes that optimize impacts on home performance businesses

### Website

- Members receive a search engine optimized profile in the membership directory on the Guild's website ([www.hpguild.org](http://www.hpguild.org))
- Our Events Calendar is a comprehensive listing of industry events, Efficiency First webinars and member meetings
- Access to critical industry resources and tools

### Networking & Industry Engagement

#### Member Meetings

- We meet most months on the 2nd Thursday, either from 4:30-6pm at McMenamins Kennedy School, or during lunch
- Most member meetings qualify attendees for 1.5 BPI CEU's
- Learn about special offers on partner products and services
- Network & contribute your voice to roundtable discussions

#### HP Guild Conference

- Members receive 50% off registration
- Our lineup of business development and technical sessions support vitality in the home performance industry
- The conference also tackles the big critical issues that have the opportunity to transform the Home Performance market

#### Special Events & Partner Trainings

- Free peer-to-peer mentoring workshops
- Discounted trainings from Oregon Training Institute
- First-look and discounts on partner trainings

## Efficiency First Benefits and Discounts

#### Webinars & Member Education

- Free access to 15+ live home performance success webinars/year
- Access to the Efficiency First online Webinar Library
